postgraduate courses.

Physiotherapists are involved in both teaching and research. The OPTL works in a framework for establishing a formal system of specialisation according to the new document of WCPT concerning the specialization.

Status of profession:

Professional Title/ Qualification:

Physiotherapist or Physiothérapeute (in French)

The title and the professional activity is protected by the state. The rules of professional conduct are determined directly by the state through national legislation. The physiotherapist must be state registered and obtain a license to practice. Lebanon has established a code of ethics for physiotherapists.

The national authority responsible for the physiotherapy profession in Lebanon is "The Order of Physiotherapists in Lebanon (OPTL)" and the "Ministry of Health". The disciplinary council of the OPTL controls allays blame and makes liable any physiotherapist an act of professional misconduct. The OPTL has not specified whether there are sufficient employment opportunities for physiotherapists in the country.

Practice of physiotherapy:

The physiotherapy services in Lebanon are determined by the profession. The physiotherapist determines the clinical intervention of physiotherapy him/herself. Lebanon offers both public and
