- 2009c ZonMw

Multidisciplinary

Model from: Bloem, Van Laar, Keus et al, Multidisciplinary guideline 2010

## Overview

1. The Netherlands: ParkinsonNet
2. Into *Europe* (APPDE initiated)

## Guideline Implementation EU

**ParkinsonNet**

Nijmegen (NL), 4 & 5 June 2010

### Conclusions:

1. **Optimize implementation plans**
2. Need for European Guideline
3. Questionnaire to gain insight in current care & unmet needs
4. Outcome assessment project

## 1. Optimize implementation plans

Glasgow meeting 29 Sept 2010:

- Goal
- Time
- Activities
- Organisations
- Persons
- Costs
- Grants

## Important

Need for **1 central person** with:

- skills & expertise in implementation
- skills to get people together
- skills to organise activities & information
- time
- preferably contents expertise

Implementation takes *time*....

Risk discontinuation: €!
